Dear Members of the Central Florida Chapter of the Penn State Alumni Association,

I am writing to express my sincere appreciation for choosing me as the recipient of the Central Florida Chapter of the Penn State Alumni Association Scholarship. I am honored to have received a scholarship from such a respectable medical institution.

At the Pennsylvania State University, I plan to use the scholarship to continue my college education as an Immunology and Infectious Disease and Toxicology major with a minor in Spanish. I chose Penn State because of their prestigious pre-medical program and commendable reputation. Despite the inconvenient distance from the place I call home, I extend my thanks to you in supporting my choice as I will part from my friends and family to receive a college education that I will carry on throughout the years. I am grateful to have received your scholarship as it has helped me realize that all my hard work during my first year at Penn State has paid off. Once again, I would like to thank you for reaffirming my dreams and assisting me in reaching my goal as a successful medical professional.

A handwritten signature in black ink, reading "Nathaniel Such". The signature is written in a cursive style with a large, looping initial "N".
